

Caleb & Rebekah

Fun Facts:

- We have a little old dog named Shadow
- We are TOTAL theater nerds
- Caleb is an identical twin
- Rebekah loves to bake—especially bread!

Caleb is a family doctor and Rebekah is an adjunct professor of dance. We are active members of our local church.

About Us

Hi there! We are so excited to complete our family by adoption, and we want to thank you for taking the time to read our profile. We first met when we were 7 and 8 years old taking dance classes together at a local studio. As we got older, the relationship blossomed first into friendship and then into a not-so-secret crush. We were only 14 and 15 and we've been together ever since!

Our Adoption Story

We knew before we even got married that we wanted to adopt a child. Our original plan was to have one biologically then adopt another. God had different plans. When we got the diagnosis of infertility it was hard and we took the time to heal. We are lucky to have adopted our first son, Titus through an agency in 2023. It was a wonderful experience, and we couldn't be happier with how his adoption went. We would love to complete our family. We truly think Titus will be a fantastic big brother.

Our Promise

We want to raise your child in a home filled with love, dog hair, adventures, belly laughs, respect, and the occasional mess. We want them to know how loved they are by so many people. We will raise them to be educated, in church, active in our community, and our biggest wish is for them to be happy.

This Family of Ours

Caleb comes from a large family of 7 while Bekah comes from a family of 5. We are lucky because no one has strayed too far and all of our family live within 6 hours of each other. Caleb also has a large extended family with grandparents, aunts, uncles, and cousins in Ohio who we get to see a couple times a year. We have a little dog named Shadow, who is a happy, cuddly, lazy little dog that loves treats and a blanket to nap on.

We are both hopeless theatre nerds and actively perform with a local repertory theater. Bekah has choreographed multiple shows around the area and currently teaches dance part time at local universities and dance studios. Caleb is always excited when he has time to be in a show. We also love finding fun, new adventures with groups of friends, whether it be a trip to the drive-in movies, a ball game, bowling, escape rooms, or whatever else we may come across!

We found an amazing church family. We both serve in children's ministry and Caleb serves as a deacon. We felt it important to include our church as it is so important to our life. We have developed so many lasting friendships and grown in our faith in incredible ways. We love our church, and the amazing thing is that our church loves us back.

We want to thank you for making one of the hardest decisions you've had to face. We want you to know that your child will never doubt your love for them, and that they will know that every decision has been made with only the best for them in mind.
